

Gonzales & Huang Orthodontics

Specialists in Orthodontics for Adults and Children

Spring Edition 2011

Take Home a T-Shirt

Ask any staff member for a NEW office T-Shirt. They range in sizes between Adult Small to Adult XL. Wear your T-Shirt to the office and be entered into a quarterly prize raffle.

Be Our Facebook Friend

We are on Facebook, and want YOU to be our friend! We are continually updating and want

you to be the first to know about everything in our office. We like to stay connected to our patients and community, and what better way than through this network. Please find us under the name GONZALES HUANG ORTHODONTICS.

We've Got Mail

You may notice that our staff will be collecting email addresses from you to put into our system. This will allow us to send specific patient updates straight to you through email.

Wii Appreciate Your Referrals

Wii want you to tell your friends and family about our office! When you refer someone to our office, you will be entered into our drawing to win a Wii! Good Luck!

Attention! Attention! Attention!

We are trying something **NEW** and **EXCITING!**

Be sure to ask for an appointment ticket for EVERY appointment you make. From now on, if you bring in your appointment reminder ticket to your appointment, you can enter it into our drawing. Every 3 months we will draw a ticket out of the box. The name whose ticket we select will win an

AWESOME prize!

To make to drawing fair, there are two very important rules:

**in lieu of our previous t-shirt contest*

- 1.) You **MUST** be on time to your appointment; anyone who is late cannot enter the drawing.
- 2.) You **MUST** bring in your appointment ticket; We will not re-print one if you forget it.

BONUS! BONUS! BONUS!

Wear your Gonzales and Huang T-Shirt* to your appointment, and we will give you an extra ticket to

enter into the drawing!

We Need Your Help

We are brainstorming for our 2nd Annual Patient Appreciation Day, and need some feedback. We have narrowed it down to three choices, and any input from you would be great. Just let a staff member know which is your favorite idea of these three choices:

- 1.) Golden Skate Party in San Ramon
- 2.) Bowling Party at Manor Bowl in San Leandro
- 3.) Inflatable Fun party at City Beach in Fremont

Did You Know....

The average American woman smiles 62 times a day! A man? Only 8 times a day!

When was floss invented? It was first manufactured in 1882 and was made of silk.

Meet Martha!

Martha is the newest member of our team, and helps Dr. Gonzales, Dr. Huang and our assistants in the back office. She is learning all the aspects of sterilization, and is doing a great job!

Welcome Martha to our team!
